“ From long nights operating our pumper truck at water tanker fill duties and cold days in the old brush truck performing traffic control, and far too many other calls to list, serving with cub in the fire department was a great honor. He always made the hours seem like minutes and there was never a dull moment. Joann I am so sorry for your loss and send to you my deepest condolences.

“ Some of my favorite times with Brett and Jojo were at Fireman's camp. Lots of really good memories sitting around the bonfire watching fireworks along the lake. Just last weekend we celebrated Brett's birthday, had a great meal, listened to a live band and generally had a wonderful weekend with he and Joann.
