

Mr. Douglas "Doug" Hoy

July 14, 1954 - December 15, 2025

Douglas "Doug" Hoy, 71, of Malone died Monday, December 15, 2025, at Alice Hyde Medical Center. He was known for his warm smile, cheerful heart, and genuine love for life. He was always happiest when surrounded by people, talking, laughing, and sharing moments. Doug brought joy with him wherever he went, and his presence had a way of making others feel welcome and valued.

Doug was the beloved son of Malcolm and Ellen, who cared for him deeply throughout his life. He shared a profound and special bond with his brother, Steven, who predeceased him and remained forever close to his heart.

Doug loved fishing and cheering for his favorite hockey and baseball teams. He took great pleasure in the simple joys of life and shared that happiness freely with those around him. One of his most meaningful habits was keeping photos of people he loved in his wallet, a quiet but powerful reflection of how deeply he valued connection and relationships.

Doug will be remembered for his ever-present smile, his happy spirit, and his deep love for people. He never missed a chance to connect, to comfort, or to make someone laugh.

As Lou Gehrig once said, "It's the little things in life that matter the most." Those little things - smiles, shared moments, and time spent together - are what Doug cherished, and what he leaves behind.

He will be dearly missed by all who had the privilege of knowing him. His family finds comfort in the thought that Doug is reunited with his brother,

Steven, the two of them once again sharing laughter and fishing together.
A memorial service will be held in the summer and announced later.

“ I met Doug many years ago. He came from a very loving home, and that helped shape the kind man he always was. How can anyone not like a person who fishes?
