“ I was shocked ... I still can not believe a man as young as Gary is no longer with us! My heart goes out to his family ... I keep in touch with the area through friends and was told of his death ...  
Worked with Gary and Brother Jeff at the plant (GM) and knew both to be very friendly and personal type of people ...  
And that his passing happened on my wife's Birthday ... they all say there is a reason for everything and the man above must have needed the very best to help him out up there ...  
Brenda and I will remember him in our prayers and trust you will all find the strength to carry him in your memory until you see him again.

“ Gary shared many stories of the North Country that he loved so much. Me being from Kansas and new to the Massena plant he helped me feel at home. While I was only there for 4 years I felt like family. Thanks, Peace to all our GM and North Country family. I miss home and people like Gary. Don Burgen
