“ We were so sorry to hear of your mom's passing. We always thought so much of your mother and recently were thinking about your mom and dad's anniversary party at Chris's house and how much fun we had that day and Donnie was saying Gladys was like a second mother to him. She will certainly be missed. She always seemed so happy to see her friends and family. Judy & Donnie

“ We wish we could be with all of you in this sorrowful time. I especially wish I could be there to give each one of you a hug and to tell you thank you for letting me and my family be part of your mother's life. I can't come up with any one particular memory, there are too many to mention. Not only did she help with my upbringing but also with my children. Miss Glad will be missed but will always be remembered in our hearts. Again I wish we could be there but send our prayers and our thoughts to all. Love from the Guzmans Pete Beth Peter and Shannon

“ I would like to express my sincere condolences to all of Gladys relatives. I'm sorry that Alyssa and I could not convey our condolences in person. Gladys was very important in Alyssa's life and their relationship (mostly through phone and letters lately due to the current 10.000 km separating them) always brought me joy and memories of how wonderful was having a grandma (mine past away almost 10 years ago, in 2005).
