“ Deepest sympathy for Gregg and his family. All though we haven't seen each other in many years, I have many fond memories from our high school days and reminisce often. Gregg will be missed, he was a good friend.

“ Our deepest sympathies from the Paradise children John David and Carole. David was Greg's close friend as children and Donna and I were very good friend as children. I remember Greg singing "The Ballad of John Paul Jones" for us so many times his mother would make him go outside to play. I have several good memories from back then. I am so very sorry for your loss. This is a great loss to all who knew him and to all who never got to meet him.

Greg and I were friends for many years, through our teens, twenties, thirties and more. We played in the baseball leagues in the summer and just had fun the rest of the time. I remember Greg practicing the "drums" in his basement using two lard cans from his parents bakery (snare and tom Tom), a metal fence (cymbals), and two butter knives (drumsticks). His first solo was "Wipeout " by the Safaris in his parent's basement. Greg is missed by me and all who had the good luck of knowing him.
