“ *I have known Harold a little over one year, and let me tell you, some of the best memories of my job were with him. He would always check on me and my Family every time he saw me. Always selfless, making sure I ate that day (offered a snack no matter my answer), if I've gotten enough sleep (moved over in bed so I can sit with him and take a 5 minute break). I cannot fathom this. I loved him like my own grandfather, and wished only the best for him and the family.*
