“ Richard and Victoria, Please accept our deepest sympathy on the passing of your mom. We were shocked and in disbelief when we read it in today's paper. She was a terrific and strong person. I have to believe that your parents have been reunited in a better place. Perhaps you can find solace in such thoughts. My wife and I feel blessed for the friendship we had with your folks. You guys are in our prayers. Joe & Barbara Cofone

“ Loving memories of Kathy and Richard whose wedding I was a bridesmaid in on that snowy night all those years ago. Only good thoughts come to mind of such a lovely friend who had such a sense of seriousness and fun combined.
My condolences to her children and sisters and all family members and loved ones.
May you all find peace of heart and mind.
Much love, Margie Reen
