“ *Phyllis was my cousin and we always had great times whenever I had come up North. She made the BEST raisin filled cookies I ever had. A friend of mine was coming back from up there and she and Laura had made me a bunch of them. She was always doing special things for people. Well rest in peace now, no more pain. We'll meet again(IHOPE)
Love, Deb
To the kids she left behind, I know it's hard but she'd want you to go on and be happy!!!*

“ *Carl and I were so sad to hear that Phyllis had died. She was so tickled with the restoration work on our little river cottage next door! My contractor told us that any time she would see them working last summer, she would bring them cookies or baked goods out of her appreciation for their work. I was looking forward to having her as our neighbor. Prayers of peace for your family at this time of loss.
