“ *Your dear Mother has been a good friend since our early Elementary school days at the Catholic school in Malone. When we graduated together from St. Joseph's in 1954, she was the Valedictorian of our class and I was the Salutatorian. She always got better grades than I did, because she was a very smart person.*

We kept in touch for many years, but especially after our 50th High School reunion at the Crossroads in Moria. After that we decided to have a high school reunion luncheon in Malone every summer when I traveled North to New York State from my home in Bradenton, FL. The only summer I didn't see her was during Covid in 2020. I did go to Malone for three weeks last summer and she and I decided to have lunch by ourselves and one other classmate, Carol Soulier. We had such a good visit and I am so happy for the memories.

We have kept in touch by e-mail and I was so saddened a few weeks ago when she e-mailed me that she was very ill with a diagnosis of Leukemia. I replied and we sent a couple of e-mails back and forth about our long friendship. I had no idea she would pass away so quickly. Perhaps that is best for all of you. I want to wish your family my deepest sympathy. The world has lost a really good human being. You are in my thoughts and prayers.
